## Model GHM-C

GHM-8C

GHM-6C

GHM-5C

GHM-4C

The Giles Heated Merchandiser (GHM-C) is designed to display a maximum number of menu selections while keeping them fresh and at the proper serving temperature, waiting for your customers to enjoy.

The GHM-C features independent temperature control for each section of the warmer. An even temperature in each well is maintained by means of lower pan heaters and separately controlled top-side ceramic heaters.

This Warmer was developed with flexibility in mind. Different service options are available; full-serve, customer self-service, or a combination of both. In either case, your products are highly visible and appealing to the customer.

Four widths available to suit every need ... 4, 5, 6 or 8 feet.

### Design Features

#### Top-side Ceramic Heaters -

To ensure food is held at a proper and even serving temperature, the GHM-C features easy to use temperature controls for lower pan heaters and top-side ceramic heaters in each well.

Eco-friendly fluorescent lighting illuminates products for the perfect display.

#### Curved European Glass

To maximize product visibility the GHM-C features curved European-style glass. When needed, gas-filled struts hold the glass in a raised position for easy cleaning.

Removeable Side Glasses and Rear Sliding Doors can be either Clear or Mirror-tinted glass.
